If you want integrity and great leadership in your mayor, Glenn is your man! Vote for Glenn Lancaster! - Kiit Stavrum

Glenn Lancaster carries within him a core of positivity and success, both in his personal life and in the business world. His word truly is his bond. He listens and responds with compassion and wisdom. Wilsonville would be well served with Glenn Lancaster as its Mayor. - Randall W, Attorney

I have had the privilege of knowing Glenn Lancaster for nearly thirty years. Throughout that time, I have found Glenn to be undeniably honest, direct, and reliable. I can confidently say that Glenn has my full trust, and having been a resident of Wilsonville over the past four decades, I am convinced that Glenn Lancaster would be one of the finest mayors in Wilsonville's history. – Alex K, 40 Year Wilsonville Resident

Glenn is a voice of reason. He is for growth, but not Urban Renewal growth that will stifle our city. He has taken a stand against tolling, an unnecessary burden to Wilsonville residents. He has a very common sense approach, and practical solutions, to what is before us. Glenn is the best Mayoral candidate to move Wilsonville forward! - Cort Maleike, Retired

I had an opportunity to have a lengthy conversation with Glenn Lancaster and I was very impressed with his thoughts and insights. Glenn has a lot of the same beliefs and solutions that I, and many of our residents, have expressed. He is open to Home Depot coming to town, would support other national and local chains filling vacant properties around town, and wants to promote a more vibrant community. As an engineer, he sees beyond the short-sightedness of previous City administrations. I'm very impressed with his vision about numerous issues, and I think that he is the person we need to lead our city into the future. - Wayne J Hickey

I urge your support for Glenn Lancaster. In recent years, the City of Wilsonville's council and planning departments have been pursuing a vision that is simply not compatible with the realities of our geography and existing traffic infrastructure. Glenn Lancaster understands that and I believe he will bring a fresh perspective to the demands of future growth. Let's all support Glenn. The City needs his vision and dedication to problem solving. - Ron Halter, 60 Year Wilsonville Resident
