I am writing this to encourage everyone to support Glenn Lancaster for mayor in the coming election. Glenn knows how to work with start-up businesses and help them succeed. Unleashing the entrepreneurial energy of people with a vision is the way to create opportunity. In contrast, the city has tied up buildings for projects that seldom pan out, resulting in blighted properties like the old Fry's building. Glenn understands this and will bring his common-sense approach to the office of mayor. Vote for Glenn Lancaster.
